Environmental Determination: Addendum to a Certified Final Environmental Impact Report. An Addendum to the Final Environmental Impact Report for the El Segundo General Plan has been prepared pursuant to the California Environmental Quality Act (CEQA) in accordance with Public Resources Code section 21166 and State CEQA Guidelines section 15162. In addition, the proposed zone text amendments to the Subdivision, Site Plan Review, and certain affordable housing application procedures are exempt from the requirements of the California Environmental Quality Act (CEQA Section 15061(b)(3)), because they consist only of minor revisions to existing zoning regulations and related procedures that do not have the potential for causing a significant effect on the environment.
